## Comfort In Your Own Home

**Covenant Methodist Home Care** offers a professional and personal approach to home care, enabling older adults to remain independent and safe in the comfort of their own homes. We are one of the few nonprofit and accredited home care providers in the community.

Our home care program is flexible with respect to the amount of assistance you may require. An initial home visit is arranged to meet with you or a loved one to understand what your personal needs are. Home visits by management staff continue throughout your use of our home care program. Supervisory staff is on-call 24 hours a day, 7 days a week to attend to any inquiries or emergencies.

As the employer of its caregiving staff, Covenant Methodist Home Care includes the following:

- ❖ criminal background checks and drug screenings for caregivers prior to hiring
- ❖ bonding and insuring of caregivers
- ❖ covering caregivers under worker's compensation in case of an injury
- ❖ monitoring and supervision of caregivers by management

Covenant Methodist Home Care is a licensed Home Services Agency by the Illinois Department of Public Health. All non-medical home care providers are to be licensed as a Home Services Agency in order to continue to operate as a home care provider.

- ❖ Housekeeping and laundry
- ❖ Meal preparation
- ❖ Grocery shopping
- ❖ Companionship
- ❖ Respite care
- ❖ Telephone contact
- ❖ Medication reminder
- ❖ Escort to doctor or hospital visits

We design schedules to meet your specific needs. Ongoing supervision and monitoring occur to maintain your needs and to make any necessary changes to your plan of care.

**Care Management** is an integral part of our home care program, which seeks to provide you or a loved one with a supportive and safe environment while encouraging as active and independent a lifestyle as possible. Our care management activities include regular follow-up visits and assistance with finding ancillary resources. Care management activities do not typically incur separate fees, unless excessive use of management time is required.
